

Our work

**Each well pumps
2,851 gallons daily**

**618 wells drilled
since 2005**

**\$2M raised
by schools**

**Serving over
490,000 people**

Why support us:

- More than 2 million children in South Sudan do not attend school.
- Children-- mostly girls-- walk up to four miles (6.5 km) per day to a water source.
- Jerrycans filled with water can weigh up to 40 pounds (18 kg) when full of water.
- Girls (sometimes boys) use jerrycans to collect water for their families.
- Walking for water leaves little time for education, especially for girls.

Iron Giraffe Challenge- Join the fun and make a difference!

- Schools that raise \$1,000 or more are entered to win a visit from Salva!
- For more information or to register, visit www.waterforsouthsudan.org/iron-giraffe-challenge.
